

I request that you immediately counter Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation. The FCC needs to act immediately!

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This does not serve the public interest but is a blatant attempt to manipulate the electorate with a film that is probably filled with lies and inaccuracies.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve public input. Thank you.
